

INSTRUCTIONS AND PROGRAM HIGHLIGHTS

- Eligible projects include pedestrian and bicycle facilities that will benefit Kindergarten through High Schools. Traffic control devices such as crosswalks, traffic signals, flashing beacons, etc. can be part of a larger pedestrian and bicycle facility.
- Read and follow SRTS [Eligibility Evaluation and Ranking Criteria](#) to maximize funding opportunity for your projects.
- Projects are 100% funded.
- Local government partnership is critical as they are responsible for maintaining the pedestrian or bicycle facilities after they are built. The maintaining agency also decides who builds the facility if the project gets funded. They have the **option to either ask FDOT to design and “let” the projects**, or they may decide to **design - bid - build the project in-house** through a Local Agency Program agreement.
- For all public schools in Lee County, the School District will be the project applicant, and will take the lead in preparing applications.
- Private schools and charter schools may INDIVIDUALLY apply by coordinating and partnering with local governments in which the school and project is located.
- A MPO sign off is needed for all projects in Lee County. Proposals will be endorsed by the MPO Board after they are reviewed and recommended by MPO advisory committees. Subsequently, MPO staff will ensure completeness of the applications, sign, and transmit them to FDOT to meet January 31, 2019 deadline.
 - Submission of Preliminary Application Packet to MPO Staff – **Nov 19, 2018**
 - MPO Bicycle Pedestrian Coordinating Committee Review and Endorsement – **Nov 27, 2018**
 - MPO Technical Advisory Committee Review and Endorsement - **Dec 6, 2018**
 - MPO Citizens Advisory Committee Review and Endorsement – **Dec 6, 2018**
 - MPO Board Endorsement – **Dec 14, 2018**
 - **Deadline for MPO Transmittal of Applications to FDOT – January 31, 2019**

- Questions on the MPO process and transmittal of applications shall be directed to Mr. Ron Gogoi at rgogoi@leempo.com, or by phone at (239) 330 2239.
- Local governments or public schools within the Lee County School District with a project proposal shall contact Ms. Dawn Huff at (239) 337 8142, or by email at DawnMHu@leeschools.net
- Private and charter schools may call Ron Gogoi at Lee MPO, or Mr. David Wheeler with FDOT for assistance in the program. Mr. Wheeler can be reached at (863) 519 2378, or by email at David.Wheeler@dot.state.fl.us.
- SRTS information and applications can be also obtained from FDOT's web site at www.fdot.gov/Safety/2A-Programs/Safe-Routes.shtm
