Subject: 3- SR-80 SIDEWALK AND MULTI-USE PATHWAY, MEDIAN DESIGN PROJECTS

Director Scott,

Please ask this question during the public comment at the 3-18-22 MPO meeting and kindly follow up with an email response, to me please.
Thank you.

1- Why don't the SR 80 projects have any mid-block crosswalks.

2- Why haven't I seen any TV news coverage on the SR 80 median project in design now, or media coverage of any of the 3 SR 80 projects for that matter?
