Subject: Bike Paths Along the Railway - Action Alert

Bicycle and Walking Paths Along the Seminole Railway Through Estero.

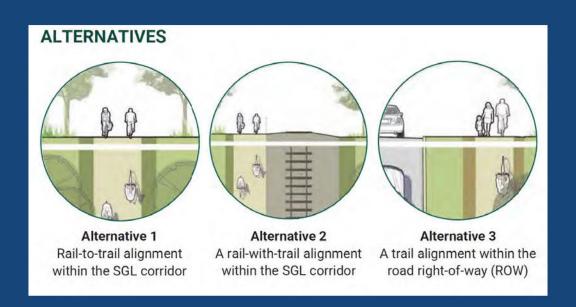

If You Want Them Make Your Views Known!

Background Information

Contact Legislators

In March 2021, the Lee County MPO, in partnership with the City of Bonita Springs and the Village of Estero, commissioned a consultant team to conduct a study to analyze the long-term feasibility of a public multi-use trail within the Seminole Gulf Railway (SGLR) corridor south of Alico Road or in the adjacent surrounding areas. This team presented three options to public at a meeting recently.

ECCL's Tony Carangelo, together with the Safety and Transportation team have also been collecting information and assessing the options for a Rail and/or bike & pedestrian pathway along the railway since August 2021. Their focus was on determining the advantages and disadvantages of each option.

Their <u>analysis is presented on our website</u>, along with a quick and easy way for you to send your preference to the relevant legislators. There are a lot of other projects vying for the attention and budgets available. If this initiative is important to you, contact your legislators about it.

Action Alert

Let Your Voice be Heard on Rails to Trails

Over 200 Residents Responded to the "Call to Action" for the Rails to Trails
Initiative along the Seminole Railway running through Estero

The ECCL extends its thanks to the over 200 residents who provided their names in a "Call to Action" initiative to bring to the attention of the Estero Village Council and the Lee County Commissioners the need to develop the railway track for recreational use for biking and walking paths.

On June 2nd, the Lee MPO Rail Trail Feasibility Study details were presented at the Estero Recreational Center. It was evident that the option, which included keeping the railway track for possible future use and constructing biking and walking paths alongside, was a favored option.

Many residents wish to see the proposal become a reality as soon as possible and certainly within their lifetime.

Clicking on the button below and providing your name on the short form allows the ECCL to submit a report that will have an even more significant impact.

"Rails to Trails" In Our Community

The Lee Metropolitan Planning Office Needs to Hear from You!

The Lee County Metropolitan Planning Office (MPO), in partnership with the City of Bonita Springs and the Village of Estero, commissioned a consultant team to conduct a study to analyze the long-term feasibility of a public multiuse trail within the Seminole Gulf Railway (SGLR) corridor south of Alico Road or in the adjacent surrounding areas.

Funded by a grant from the Florida Department of Transportation's (FDOT) Sun Trail Program, the study also had local matches from the City of Bonita Springs and the Village of Estero.

Many residents attended the public meeting at the Recreational Center on June 2rd this year and examined the displayed and discussed options. Recently, over three hundred residents expressed their desire to see the plans implemented as soon as possible to provide a safe recreational amenity for bikers and walkers, which the ECCL has passed on to the MPO.

Because the MPO will be meeting to review residents' views at the end of this month, it is vitally important that you take a moment to vote and write a comment on the solution you feel would best for the benefit of everyone's enjoyment, both here in Estero in the years ahead.

Please go to the website by clicking **these materials** to view the MPO details and familiarize yourself with the options.

Please review the video (use the pause button to slow the video speed/progress).

After viewing the video, go to the GREEN section on the right-hand side of the first page, which states:

We want your feedback!

Please fill out a comment sheet after you have viewed the video.

Click here

Click the box that states "click here" to provide your feedback. A form will appear to include your name and address. Select your choice and provide any comments.

This is an opportunity to get engaged in a significant project supported by many of your neighbors. You will help shape the recreational options for those in Estero and Southwest Florida wishing to bike and walk in safe surroundings.

Thank you.

"Rails to Trails" A Call to Action

On June 2^{nd,} the Lee MPO Rail Trail Feasibility Study details were presented at the Estero Recreational Center. It was evident that the option, which included keeping the railway track for possible future use and constructing biking and walking paths alongside, was a favored option. The ECCL prepared a summary outlining the proposed plans after the well-attended meeting.

The short article, "Bicycle and Walking Paths Along the Seminole Railway Through Estero-Make Your Views Known," was a "Call to Action" to allow residents to express their feelings to Estero Village Councilors and Lee County Commissioners. The key concern was a pressing need for such a development. Residents wanted to see the proposal become a reality as soon as possible and certainly within their lifetime.

Over 200 residents forwarded their names to the ECCL so that we could pass on their views to local and state officials. The attached sheet includes the list of those individuals.

Please be kind enough to let the ECCL know if you feel the suggested action is appropriate and whether you have any other comments or suggestions that would help speed the implementation of this project.
