INTRODUCTION

This Unified Planning Work Program (UPWP) has been prepared to define the tasks to be undertaken and the anticipated funding requirements of the Lee County Metropolitan Planning Organization (MPO) for fiscal years 2020/21 and 2021/22. This work program includes funding from the Federal Highway Administration (FHWA), Federal Transit Administration (FTA), State funded tasks and Locally funded tasks. The FY runs from July 1, 2020 through June 30, 2021 for FY 20/21 and from July 1, 2021 through June 30, 2022 for FY 2021/22.

This document is intended to inform the general public and all public officials and agencies that contribute monetary or in-kind support to the MPO's transportation planning process of its proposed budget for fiscal years 2020/21 through 2021/22. It is also intended to assign specific responsibilities for the various tasks to the participating agencies in accordance with the supplemental Interlocal agreement to the Interlocal agreement creating the MPO. In addition, the Unified Planning Work Program (UPWP) provides the basis for federal funding of the transportation planning activities to be undertaken with FHWA or FTA funds.

Section 120 of Title 23, USC, permits a state to use certain toll revenue expenditures as a credit toward the non-federal matching share of all programs authorized by Title 23, (with the exception of Emergency Relief Programs) and for transit programs authorized by Chapter 53 of Title 49, USC. FDOT will provide soft match for the FHWA Metropolitan Planning Program (MPP/PL) funds using toll revenue expenditures, to the extent that credits are available, as a credit toward the non-federal matching share. The amount identified represents the total amount of soft match required for the amount of FHWA PL and 5305 funds budgeted in this UPWP which is 18.07% for a total of \$283,742 for FY 21/22.

Following this introduction is a discussion of the organization and management of the Lee County Metropolitan Planning Organization (MPO). Within the main sections of the Unified Planning Work Program, the specific transportation planning activities to be undertaken in the two fiscal years by the MPO staff are organized into four major sections, each of which may include a number of individual tasks:

1. Administration This section includes those functions required to manage the transportation planning process on a continuing basis, including program administration, development review and reporting, as well as such activities as intergovernmental coordination, coordination and implementation of regional transportation planning initiatives for the urbanized area of Southwest Florida, so as to form a closer coalition among Collier, Charlotte, Glades, Hendry and Sarasota counties, citizen participation, public information, involvement and education of the public about all aspects and phases of transportation planning with focus on early and continuous gathering of information from the public in order to facilitate optimal transportation decision making and staff training. It also includes any planning activities not identified as part of any task in another section.

2. Systems Monitoring This section includes those work tasks needed to monitor and analyze travel behavior and factors affecting travel, such as socio-economic, land use, environmental, and transportation system data. Information collected in these tasks is used extensively in many other Unified Planning Work Program tasks, including the Long

Range Transportation Plan (LRTP) and Transportation Improvement Program (TIP) updates, Congestion Management, Transit Planning, and project planning.

3. Systems Planning This section includes transportation system planning tasks related to contingency operations and long or short range transportation planning and programming. Specific tasks may include further improvement and revalidation of the travel demand forecasting model the development, review, amendment and updating of the Long Range Transportation Plan and Transportation Improvement Program.

4. Project Planning This section includes those work tasks concerned with preparing more detailed plans for specific projects and programs identified in the more conceptual system level plans, such as airport master plans, transportation disadvantaged, corridor studies and bicycle/pedestrian studies.

Each of the local governments that participate in the Lee County Transportation Study has adopted a comprehensive plan in accordance with Chapter 163, Florida Statutes (FS). Each of these plans contain a traffic circulation element which, for the most part, reflects the MPO's long-range transportation plan in effect at the time it was last updated. Each of the local governments participates in the MPO's planning process through the Technical Advisory Committee (TAC) and the MPO. This UPWP has been developed to be consistent, to the maximum extent feasible, with the approved growth management plans of the participating local governments and the Strategic Regional Comprehensive Policy Plan (SRPP) of the Southwest Florida Regional Planning Council (RPC).

The level of planning effort represented by this UPWP reflects federal and state requirements as well as local needs and issues and is constrained by the funds available to carry out the program.

FY 2020/21 and FY 2021/22 Transportation Planning Priorities: A major emphasis area in the UPWP continues to include the development of performance measure targets and incorporating the how we are striving to meet the targets in our planning documents.

The MPO will be working on developing its project priorities for Surface Transportation Program (STP) and State, Transportation Alternatives (TA), Transportation Regional Incentive Program (TRIP), Strategic Intermodal System (SIS) and Multi-Modal Enhancement Box funds over the Spring in both 2021 and 2022 to help guide FDOT in the development of its Work Program.

The MPO will continue to participate in the implementation of FDOT's Efficient Transportation Decision Making Process to environmentally screen the proposed future projects, and may prepare a multi-year business plan to supplement the UPWP if the MPO will need to carry over a significant percentage of its annual allocation of PL funds for use in later years.

As Lee County is an attainment area for the National Ambient Air Quality Standards, this MPO is not required to undertake an air quality planning program (although it does consider projections of vehicle emission in the comparison of network alternatives), nor does any other agency do air quality planning for Lee County.

LeeTran will also continue programs for compilation of data for the monthly and annual National Transit Database submissions; continue efforts to improve the ADA compliance, passenger safety and amenities. LeeTran will also be finalizing the Public Transportation Agency Safety Plan and continuing with the update of the Transit Development Plan and the Comprehensive Operations Analysis Study.

Status of Transportation Planning Activities

MPO Planning Activities

Transportation Planning Activities in the Lee County metropolitan area are undertaken with funds obtained through Titles 23 and 49, U.S.C.

Regional Planning

During the last UPWP time frame, the Lee MPO participated in meetings of the District 1 Coordinated Urban Transportation Systems (CUTS) committee, Continuing Florida Aviation System Planning Process (CFASPP), SUN Trails meetings, MPOAC meetings and in the District and State-wide meetings with FDOT, Charlotte-Punta Gorda MPO, Collier MPO, Lee County DOT, Hendry County and Charlotte County.

The Lee MPO participated in the Collier MPO's Technical Advisory Committee (TAC), the joint Lee-Collier Technical Advisory Committee (TAC), Citizen's Advisory Committee (CAC), Metropolitan Planning Organization (MPO) Board, and the Bicycle Pedestrian Coordinating Committee (BPCC)/Pathways Advisory Committee meetings. The Lee County and Collier MPOs worked together in prioritizing Transportation Regional Incentive (TRIP) funds and regional projects.

The Lee MPO also participates in the Lee and Charlotte County Punta-Gorda Metropolitan Planning Organizations' TAC meetings and the two Boards have adopted regional TRIP projects and resolutions.

Long Range Transportation Plan

The MPO amended the 2040 LRTP to be consistent with changes to projects. The MPO is currently updating the Long Range Transportation Plan (LRTP) to a 2045 horizon year that will be adopted by the MPO Board on December 18, 2020.

Short Range Transportation Planning

The MPO's TIP has been amended several times to add new projects, adjust project limits and project funding due to rising construction costs. The MPO also completed the \$10 million Transportation Investment Generating Economic Recovery (TIGER) grant project that constructed fourteen miles of sidewalks, pathways, bike lanes/paved shoulders and ADA compliant bus shelters on various roadways along transit routes. The MPO continues to collect and report performance data as a part of the grant requirements.

Goods and Freight Movement Planning

The Lee MPO continues to plan for increasing freight demands from our population increases and changes in how households and businesses are using online orders to purchase goods. A Goods and Freight Element will be updated as part of the Long Range Plan update that will be adopted on December 18, 2020.

Congestion Management/ITS

The MPO continues to participate in the Community Traffic Safety Committee to participate in resolving short term Congestion Management solutions as well as bringing back improvements

that need to be included in the priority process. The MPO also participated in the development of the draft TSM&O Plan that is being finalized by FDOT. This document will be coming back to the MPO committees and Board in August and September of 2020 and will also be included in the Long Range Plan update that will be adopted on December 18, 2020.

Bicycle Pedestrian Planning

The MPO adopted local and joint regional Transportation Alternatives (TA) Program priorities in the spring of 2019 and 2020. The MPO also endorsed applications for bicycle pedestrian facilities to be implemented with Safe Routes to School (SRTS) Program funds that year. The MPO also prioritized SU funded bicycle pedestrian projects in the spring of 2019 and 2020 though most of the priorities were projects that were not funded in the previous years. The MPO also takes part in FDOT's Electronic Review Comment (ERC) Team and has been regularly reviewing design plans of resurfacing and capacity projects in Lee County to ensure accommodation of bicycle pedestrian and transit facilities consistent with the adopted MPO and local plans. The MPO also participates in the review of design plans of traffic operations projects and stand-alone bicycle pedestrian projects that are programmed through the MPO priority process, or funded by District 1 with Highway Safety Program funds. The MPO participates in field reviews with FDOT and affected jurisdictions during the design review phase. The MPO also attends periodic Local Agency Project meetings to keep informed of project status and assist with programming changes as necessary. The Bicycle Pedestrian element of the Long Range Plan is currently being updated as part of the Long Range Plan update that will be adopted on December 18, 2020.

Public Transportation Planning

The MPO updated the Transit Element of the Long Range Transportation Plan as part of the development of the 2040 LRTP and participated with LeeTran on the update of the Transit Development Plan that was completed in September 2016. LeeTran is currently working on the update of the TDP as well as a Comprehensive Operations Analysis Study and the MPO is working on the update of the Transit Element as part of the Long Range Plan update. The Transit needs will be presented in September of 2020 and the financially feasible portion will be included in the Long range Plan adopted on December 18, 2020.

Transportation Performance Measures

For the reporting of Performance Measures for Highway Safety, Pavement and Bridge, System Performance and Transit Asset Management as required by MAP-21, the Lee MPO has adopted targets consistent with FDOT's targets. In the summer/fall of 2020, LeeTran will be finalizing their Public Transportation Agency Safety Plan and by the end of the year the MPO will decide whether to adopt those targets or our own.

The MPO continues to analyze the transportation system performance on a regular basis to help determine projects and programs to address issues and to help meet the targets. In particular, the MPO analyzes traffic crash data on an ongoing basis in support of our partner agencies and their programs as well as for prioritizing projects and programs that will help reduce multi-modal crashes, fatalities and injuries.

FDOT Planning Activities

The Florida Department of Transportation provides support to the MPO in all of the planning activities that are listed over the previous two pages. This support ranges from participation in the various projects related to these items to producing Statewide, Districtwide and Lee County only studies that we use to better define projects and programs that are needed to improve existing and future transportation conditions in our MPO area. Listed below are specific projects/programs that the FDOT District One is providing:

1. Geographical Information Systems (GIS) Application Development and System Maintenance
2. Systems Planning and Reviews
3. Interchange Reviews
4. Travel Demand Model Development - The Department is currently working on the development of the updated Regional Transportation Model in support of the LRTP update to 2045.
5. Traffic statistics
6. Federal Functional Classification
7. Traffic Count Program
8. Modal Development Technical
9. Strategic Intermodal System Plans
10. Commuter Services
11. District 1 and Statewide Freight Mobility and Trade Plan .

ORGANIZATION AND MANAGEMENT

The Lee County Metropolitan Planning Organization (MPO) is an intergovernmental transportation planning agency created by an interlocal agreement among Lee County, Fort Myers, Cape Coral, Sanibel, Fort Myers Beach, Bonita Springs, Estero, and the Florida Department of Transportation (FDOT). It is comprised of eighteen (18) elected officials representing the above mentioned jurisdictions. The Lee County MPO is a completely independent governmental entity.

The MPO was reorganized to its present form in 1978, at which time a Citizen Advisory Committee (CAC) was formed to provide policy recommendations to the MPO. In 1980, the Lee County Metropolitan Planning Organization (MPO) disbanded the Citizen Advisory Committee (CAC) because of activities the Lee County Metropolitan Planning Organization (MPO) considered improper. It was replaced in 1981 by a Citizen Involvement Committee (CIC) whose role was restricted to advising the Lee County Metropolitan Planning Organization (MPO) and its staff on public information and involvement activities. The Citizen Involvement Committee (CIC) was re-constituted a year later as the Citizen Advisory Committee (CAC), with its role once again expanded to include providing recommendations to the Lee County Metropolitan Planning Organization (MPO) on policy issues.

Since 1982, the CAC has functioned to provide recommendations to the Lee County Metropolitan Planning Organization from the public's perspective on proposed transportation system plans, priorities for state and federal funding, and other transportation issues. As stated in its bylaws, it currently consists of 25 members, including two (2) members from different communities within each county commission district, appointed by the corresponding county commissioner. The other 14 members of the Lee County Metropolitan Planning Organization Citizen Advisory Committee will be distributed based on jurisdiction. The City of Cape Coral will appoint five (5) members, the City of Fort Myers will appoint three (3) members, the City of Bonita Springs will appoint two (2) members, and the City of Sanibel, the Town of Fort Myers Beach and Estero will each appoint one (1) member who lives within his/her jurisdiction. In addition, the Lee County Metropolitan Planning Organization as a whole will appoint one (1) transportation-disabled member and two other at-large positions to encourage minority and low income participation.

Generally, the topics discussed at the Citizen Advisory Committee meetings correspond to those topics to be considered at upcoming Lee County Metropolitan Planning Organization Board meetings. The Citizen Advisory Committee members may also serve on task forces or steering committees to study special items and make recommendations back to the CAC and the Board.

The Technical Advisory Committee (TAC) consists of local and state agency planners, engineers, and transit operators who make recommendations to the Lee County Metropolitan Planning Organization (MPO) on transportation plans, programs, amendments, and priorities on behalf of the agencies they represent. By doing so, it provides a continuing liaison with local, state, and federal agencies involved in transportation planning process.

A Traffic Management Operations Committee (TMOC) is sponsored by the MPO to make recommendations on traffic operations, ITS and congestion management matters

requiring intergovernmental coordination at the technical level as well as making recommendations on congestion mitigation projects and priorities.

A Bicycle Pedestrian Coordinating Committee (BPCC) is sponsored by the MPO to coordinate local governments' and FDOT's bicycle/pedestrian planning and project development activities, to review the provisions for cyclists and pedestrians in plans for state highway improvements and to advise on the development of the bicycle/pedestrian element of the MPO's long range transportation plan as well as the currently ongoing development of the County-wide Bicycle/Pedestrian Master Plan. It is also responsible for reviewing and making recommendations on bicycle and pedestrian improvements proposed for funding from the transportation enhancement program and from the box funds that are set-aside from the urban-attributable funds by the MPO for bicycle and pedestrian.

The MPO also appoints a Local Coordinating Board (LCB) to oversee the Transportation Disadvantaged program for Lee County LCB meets quarterly. Assistance on transit planning issues is provided to the MPO by LeeTran (the division of Lee County government that operates the local transit system). Legal counsel to the MPO is provided by Gray Robinson.

Technical assistance by the Florida Department of Transportation (FDOT) is provided primarily through the District 1 offices in Bartow and in Fort Myers. Federal financial assistance is provided by the Federal Highway Administration and the Federal Transit Administration. The Florida Department of Transportation matches the Federal Highway Administration funds with toll revenue credits and provides a cash match equal to half the non-federal share of the FTA Section 5305 grant. Additional financial support is also contributed by the participating local governments. The Florida Commission for the Transportation Disadvantaged provides a planning grant that funds most of the cost of staff support for the Transportation Disadvantaged Program (Task 4.3)

Local transportation needs are re-evaluated annually. Based on this evaluation, project priorities are established and made part of the MPO's annual Transportation Improvement Program (TIP). These priorities are forwarded to FDOT to guide it in the annual update of its Five Year Work Program. The FDOT then programs these projects, in priority order to the maximum extent practical, considering production schedules and funding constraints. In the event that it cannot meet the MPO's priorities, the FDOT reports back to the MPO to explain why. By Federal and/or State law, all surface transportation improvement projects must be included in and consistent (to the maximum extent feasible) with the MPO's TIP in order to be eligible for Federal and State funding. Consequently, the MPO's TIP is the primary document that guides all State and Federally funded transportation improvements in Lee County.

The MPO has in place various agreements with state and local governments and agencies that promote the continuing, cooperative and comprehensive (3-C) planning process. These agreements include the following:

- a. The Interlocal Agreement for the Creation of Metropolitan Planning Organization that was finalized in March 2016.
- b. The FTA Section 5305 Joint Participation Agreement, approved on April , 2021 with an expiration of December 31. 2022;
- c. The Intergovernmental Coordination and Review and Public Transportation Coordination Joint Participation Agreement, adopted April 29, 2013;

- d. The Interlocal agreement for joint regional transportation planning and coordination between the Collier and Lee County MPOs, updated and adopted March 20, 2009;
- e. The Interlocal agreement for joint regional transportation planning and coordination between the Charlotte and Lee County MPOs, updated and adopted December 13, 2013; and
- f. The Planning Funds Agreement approved on June 25, 2018 for the term from July 1, 2018 through June 30, 2020.

The MPO operates under a duly adopted set of bylaws as does its advisory and coordinating committees. Official records of MPO business are maintained at the MPO offices, located at 815 Nicholas Parkway East, Cape Coral, Florida 33990. All of the MPO's records are available for inspection during normal business hours.

Task: PROGRAM MANAGEMENT AND SUPPORT

OBJECTIVE

To properly manage the transportation planning process, ensuring that it is continuous, cooperative and comprehensive.

REQUIRED ACTIVITIES

- Staff support of MPO, TAC, and CAC meetings including meeting notification, advertisement and the preparation of minutes and agenda packages.
- Amendment of TAC, CAC and MPO bylaws if and when necessary.
- Provide Florida Government in the Sunshine (Sunshine Law) updates and orientation to MPO, TAC and CAC members.
- Address through its attorney Florida Sunshine law issues, if and when needed, as they apply to scheduling subcommittee meetings, special meetings of the MPO and participation of MPO advisory process.
- Maintaining records for proper management committee members in special committees and Boards not part of the MPO planning
- Processing of invoices, performance of grant requirements, annual financial audits and budgets.
- Present annual audit report to the MPO Executive Committee
- Employee paid time off, retirement, health and life benefits.
- Preparing and submitting monthly progress reports, invoices, and related documents, as required.
- Preparing for and participating in the MPO's joint certification reviews with FDOT each year and FHWA every four years.
- Participating in MPOAC, CUTS and M-Cores meetings, as required, to receive information on the best planning practices, to discuss and provide input on planning requirements, to provide input on regional planning activities and regional transportation system improvements that impact our MPO area.
- Travel as part of local, regional and statewide meetings and training for staff and the Board.
- Preparing MPO agreements and resolutions.
- Update and test the MPO's Continuity of Operations Plan (COOP), as needed.

Section: ADMINISTRATION _____ UPWP Task No: 1:1
Task: PROGRAM MANAGEMENT AND SUPPORT (CONTINUED)

PREVIOUS WORK

- Preparation of agenda packages and technical assistance for the MPO Board, TAC and CAC Committee's.
- Coordination with federal, state and local government committees and MPO Committees.
- Preparation of contracts and agreements between the MPO and participating agencies.
- Preparation of State and Federal Certification Documentation, agreements, resolutions and JPA's.

END PRODUCT

- Monthly: Agenda packages for MPO, MEC, TAC, and CAC meetings.
- Summer/Fall of 2020 and 2021: Work with Auditor to prepare MPO audit for the Executive Committee's review.
- February/March 2021 and 2022: Joint state certification reviews.
- As needed: Update MPO's founding interlocal agreement and other agreements.
- Monthly, with each PL funding invoice: Progress reports.
- Ongoing: Advertising of meetings, public hearings and legal ads.
- Monthly: Travel to meetings, training and workshops.
- Quarterly: Participation in the statewide MPO Advisory Council and FDOT District One Coordinated Urban Transportation Studies (CUTS) meetings.
- As Needed: Participation in the FDOT M-Cores meetings and workshops.
- Spring 2021 and 2022: MPOAC weekend institute training for selected Board members.
- Ongoing: Coordination with Committees and MPO Board on transportation related issues.
- Ongoing Update of MPO informational materials.
- Summer/Fall 2020: Update bylaws, COOP and agreements, as necessary, to address pandemic events.

OBJECTIVE

To supplement FHWA and FTA funds, to provide the local match for state or federal grants, and to cover any MPO expenses which may not be eligible for-reimbursement with FHWA PL, FTA Section 5305, or Transportation Disadvantaged (TD) funds.

REQUIRED ACTIVITIES

- Payment of claims from MPO officials for reimbursement of any personal legal expenses incurred as a consequence of their conscientious performance of official MPO duties, not reimbursable by other agencies or insurance.
- Expenses of preparing and transmitting MPO resolutions and policy positions on pending legislation or rulemaking to, and related communications with, state or federal legislators or regulatory agencies.
- Preparation, submittal, and presentation of grant and loan applications in case it cannot be accommodated in another UPWP task.
- Consultant work order costs not covered under other funding including the local match for 5305 funding.
- Pay for travel, professional membership dues and expenses that are not eligible for reimbursement with PL funds.
- Match Grant Funding as necessary to meet requirements of the funding sources.
- Funds to operate the MPO until reimbursement.

PREVIOUS WORK

- Ongoing: Preparing and transmitting resolutions and policy positions with respect to legislative issues.
- Consultant services for federal grant opportunities.
- Local match funding for 5305 funds.
- 2018/19: Contributed local funds to the Florida MPO Advisory Council (MPOAC) to support its advocacy activities.
- 2019/20: Contributed local funds to the Florida MPO Advisory Council (MPOAC) to support its advocacy activities.

END PRODUCT

- Ongoing: Review of the impacts of pending legislation; preparing and transmitting resolutions, letters and policy positions with respect to legislative issues.
- As needed: Pay for travel, professional membership dues and expenses that are not eligible for reimbursement with PL funds.
- As needed: Local match funding for FTA 5305 funds.
- As needed: Preparation of grant and loan applications that cannot be accommodated in another UPWP task.
- Annually: Contribute local funds to the Florida MPO Advisory Council (MPOAC) to support its advocacy activities.

2.0 SYSTEMS MONITORING

**2.1 CONGESTION MANAGEMENT, INTELLIGENT
TRANSPORTATION SYSTEMS (ITS) AND DATA
DEVELOPMENT**

**2.2 EFFICIENT TRANSPORTATION DECISION
MAKING (ETDM) PROCESS**

Section: SYSTEMS MONITORING _____ UPWP Task No: 2.1
Task: CONGESTION MANAGEMENT, INTELLIGENT TRANSPORTATION SYSTEMS (ITS) AND DATA DEVELOPMENT

OBJECTIVE

To monitor the performance of the various transportation modes and intermodal connections, identify locations where congestion frequently occurs or can be expected to occur in the future, and identify cost- effective and expeditious remedial measures to be implemented. Also to coordinate ITS project planning and development and integrate it within the area's overall transportation planning process, as well as integrating it within the FDOT District 1 regional ITS architecture. To monitor and analyze traffic volumes, highway levels of service, traffic crashes, and the characteristics and condition of the motor vehicle, bicycle, and pedestrian networks.

REQUIRED ACTIVITIES

- Staff support to the Traffic Management and Operations Committee (TMOC), including meeting notifications, preparation of agenda packages and preparation of meeting minutes.
- Review of the existing data collection and performance monitoring programs of local government agencies and FDOT to identify any gaps in coverage or deficiencies in the reliability or comparability of congestion measures: and, identification, encouragement, and facilitation of corrective efforts.
- Work with the TMOC, 511, local traffic reporters, LeeTran, Lee County School District and CTC bus drivers, local law enforcement and public safety officers to identify congested roadways to be evaluated and to solicit mitigation suggestions.
- Work with the TMOC in identifying congestion mitigation measures including traffic operations improvements, low cost ITS projects, and travel demand management strategies such as reducing Single Occupancy Vehicle (SOV) trips or shifting them to other modes-in cooperation with FDOT and the local governments, to address congestion problems identified through this task.
- Update the Congestion Management Process, as necessary.
- Publication of a congestion monitoring and State of the System report.
- Monitoring of Travel Demand Management Practices in Lee County.
- Work with local governments and employers in promoting travel demand reduction measures.
- Monitor opportunities through federal discretionary ITS grant and other programs to fund ITS planning and Implementation of ITS projects in Lee County.
- Participate in FDOT's Lee and Collier Traffic Incident Management (TIM) Team meetings.
- Participate in Lee County Community Traffic Safety Team (CTST) meetings.
- Continuing maintenance, analysis, and publication of traffic crash statistics and updating of inventories of road system characteristics and conditions by FDOT and local governments.
- Monitoring and reporting of performance measures in support of approved targets.

Section: SYSTEMS MONITORING **UPWP Task No: 2.1**
Task: CONGESTION MANAGEMENT, INTELLIGENT TRANSPORTATION SYSTEMS (ITS) AND DATA DEVELOPMENT (CONTINUED)

PREVIOUS WORK

- Development and mapping of crash data statistics.
- Bi-monthly: Staff support of TMOC meetings, including preparation of minutes, meeting notification, and agenda distribution.
- Annually: Solicitation of public input on reporting congested locations.
- Periodically: Publication of a Congestion Monitoring and the State of the System report.
- Annually: Collection and reporting of performance measures, analysis of progress to meeting approved targets.
- As necessary: Update of the Congestion Management Process
- Participate in the ongoing data collection efforts of other agencies in the County and use off the data for ongoing projects.
- Process and analyze demographic and geographic data necessary to implement transportation plans and programs.

END PRODUCT

- Bi-Monthly: Provide staff support to TMOC and produce agenda and minutes for meetings.
- Bi-annually: Update the State of the System Reports.
- Monthly: Staff participation in CTST meetings.
- Bi-Monthly: Staff participation in the TIM Meetings.
- Annually: Collection and reporting of performance measures, analysis of progress to meeting approved targets.
- As Needed: Participation in conducting road safety audits.

3.0 SYSTEMS PLANNING

3.1 LONG RANGE TRANSPORTATION PLANNING

3.2 TRANSPORTATION IMPROVEMENT PROGRAM

3.3 FREIGHT AND GOODS MOVEMENT PLANNING

Section: SYSTEMS PLANNING _____ UPWP Task No: 3.1
Task: LONG RANGE TRANSPORTATION PLANNING

OBJECTIVE

Develop and maintain a Long Range Transportation Plan (LRTP) that is technically sound, multimodal in nature, financially feasible and consistent with community values, state and federal planning emphasis areas (PEAs), neighboring counties and Lee County's travel demand for the next twenty years.

REQUIRED ACTIVITIES

- Review and produce necessary amendments to keep up with changes in the growth patterns, financial resources, political environment, grant opportunities and changes to local and State Plans.
- Use input from the MPO, TAC, CAC, BPCC, TMOG, Local Coordinating Board (LCB), FDOT, Local Agencies and the public to keep the LRTP up-to-date.
- Review and provide future traffic projections for various proposed projects from the regional model.
- Support for and review of the development and validation of the Lee model.
- Completion of new financial resource forecasts for a comprehensive update of the long range multimodal transportation plan which extends the horizon year to 2045, including projection of needed funds for operations and maintenance. Provide updated revenues, such as grants, in support of LRTP amendments.
- Prepare public involvement plan for the development of the Long Range Transportation plan.
- Consideration of social, economic, energy, and environmental effects and distribution of benefits and adverse environmental impacts with respect to low income and minority communities and any other traditionally underserved and under-represented groups during the comprehensive update.
- Development, analysis and monitoring of performance measures to help prioritize projects that meet the MPO's adopted targets.
- Review and comment on the consistency of proposed projects.
- Development of base year and future zonal data in support of future LRTP updates.
- Modeling of Land Use Scenarios in support of the 2045 LRTP and Local Comprehensive Plan changes.
- Analysis and update of project cost estimates, project timing and transportation conditions in support of LRTP amendments.

PREVIOUS WORK

- Amendments and modifications to the 2040 Long Range Transportation Plan.
- Development of land use scenarios to test land use changes for incorporation in the 2040 Long Range Transportation Plan.
- Development of the project cost data and transportation revenues in support of the development of the 2040 LRTP.
- Work with FDOT to develop the Regional Transportation model including the existing and future year zonal data and future population projections.

END PRODUCTS

- December 2020: Adoption of the 2045 Long Range Transportation Plan.
- As needed: Develop updated project cost estimates.
- As needed: Run transportation model alternatives of proposed projects in support of local and regional planning and amendments.
- As needed: Amendments to the 2045 Long Range Transportation Plan.
- Summer/Fall 2020: Analyze the proposed LRTP projects based on the performance measure scoring criteria and weighting to prioritize projects that help the MPO meet the adopted targets.
- Summer/Fall 2020: Development of the Needs and Cost Feasible Plans. Update the Transit, Bicycle/Pedestrian, Congestion Management and Freight Elements.

APPENDIX A

State Planning Factors and Emphasis Areas

Florida Planning Emphasis Areas-2020

The Florida Department of Transportation Office of Policy Planning develops *Planning Emphasis Areas* on a two-year cycle in coordination with the development of Metropolitan Planning Organizations' respective unified planning work programs. Emphasis areas set planning priorities, support the Florida Transportation Plan, and give importance to topic areas which MPOs are encouraged to address as they develop their planning programs. Implementation of the seven goals of the Florida Transportation Plan requires embracing innovation; extensive collaboration across jurisdictions, modes and disciplines; an emphasis on customer service; data and performance feedback; and strategic investments for the efficient and effective allocation of resources.

Metropolitan Planning Organizations should consider the following four topics when updating their Unified Planning Work Plan.

Safety

Safety has been a federal planning priority over numerous iterations of the transportation legislation. As stated within the FAST Act planning factors, metropolitan areas should "increase safety for motorized and non-motorized users." The state of Florida has expanded on this concept further by becoming a Vision Zero area, with a stated goal within the Florida Transportation Plan of zero fatalities across the state's transportation system. FDOT adopted their Strategic Highway Safety Plan in 2016, which provides more information about how the state intends to address transportation safety in the coming years.

Since the MPOs are being asked to report on and monitor their progress against their adopted safety performance measures, MPOs need to account in their UPWP for the effort necessary to satisfy these federal requirements. Additionally, MPOs are encouraged to consider how to expand upon the level of analysis and reporting required by the performance measurement process to further study their unique safety challenges. This approach may include the identification of safety needs in the MPO's LRTP or TIP, stand-alone safety studies for areas or corridors, or safety considerations within modal planning elements.

System Connectivity

Connectivity is a concept that is emphasized both at the federal and state levels. Within the FAST Act, one of the ten planning factors states, "enhance the integration and connectivity of the transportation system, across and between modes, for people and freight." Within the Florida Transportation Plan, system connectivity is addressed within four different goals.

- Make our economy more competitive
- Increase opportunities for access to transit and other modes
- Provide a more efficient and mobile transportation system

- Meet the needs of a growing and changing population

A connected system is often more cost-effective and better able to address natural and manmade constraints.

For MPOs, system connectivity should be considered within several contexts. First, MPOs should emphasize connectivity within their boundaries to serve the unique needs of their urban and non-urban jurisdictions. This requires coordination with member jurisdictions to identify their connectivity needs while also understanding how current and future land uses impact or can help augment connectivity. Second, MPOs should consider connectivity beyond their boundaries and emphasize continuity on those facilities that link their MPO to other metropolitan and non-urban or rural areas. Third, connectivity for MPOs should include multimodal linkages that are supportive of both passengers and freight. A connected network supports users traveling by a variety of modes, including first and last mile linkages.

Resilience

With the passage of the FAST Act, resilience was introduced as a federal planning factor: “Improve the resilience and reliability of the transportation system and mitigate stormwater impacts of surface transportation.” Resilience is defined as the ability to adapt to changing conditions and prepare for, withstand, and recover from disruption. These conditions can encompass a wide variety of environmental, technological, economic, or social impacts.

MPOs can address resilience within their planning processes by leveraging tools such as the FHWA Resilience and Transportation Planning guide and the FDOT Quick Guide: Incorporating Resilience in the MPO LRTP. It should be noted that while these documents focus primarily on the development of MPO LRTPs and TIPs, addressing resilience should be a consideration within every planning document prepared by an MPO. MPOs should place a particular emphasis on coordination with agency partners responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives. Additionally, MPOs should consider the additional costs associated with reducing vulnerability of the existing transportation infrastructure. Proactive resiliency planning will help the MPO develop planning documents that are ultimately more realistic and cost-effective.

ACES (Automated/Connected/Electric/Shared-use) Vehicles

According to the Federal Highway Administration, “Transportation is in the midst of disruptive change from new technologies (automated and connected vehicles); new institutions (shared mobility firms); and changing attitudes (reduced car ownership). Across the nation, transportation planners are under pressure to develop performance-oriented policies, plans, and investment decisions that consider an increasingly complex transportation landscape. In the process, planners need to consider, but cannot yet reliably predict, the potential impact of disruptive and transformational Connected Vehicle (CV) and Automated Vehicle (AV) technologies on safety, vehicle ownership, road capacity, VMT, land-use, roadway design, future investment demands, and economic development, among others. While some forms of CV and AV are already being deployed across the United States, significant unknowns exist regarding the rate of technology adoption, which types of technologies will prevail in the marketplace, the interaction between CV/AV vehicles and various forms of shared mobility services, and the impacts of interim and widespread levels of CV/AV usage.”

Adopting and supporting innovative technologies and business practices supports all seven goals of the Florida Transportation Plan and the federal planning factors found in the FAST Act. ACES may lead to great improvements in safety, transportation choices, and quality of life for Floridians, our visitors, and the Florida economy. Though there is a great deal of speculation and uncertainty of the potential impacts these technologies will have, MPOs need to determine how best to address the challenges and opportunities presented to them by ACES vehicles.

Planning Factors

The FTA and FHWA identify Planning Emphasis Areas (PEAs) annually to promote priority themes for consideration, as appropriate, in statewide and metropolitan (unified) planning work programs proposed for FTA and FHWA funding.

Planning Factors

These planning factors are:

1. Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
2. Increase the safety of the transportation system for motorized and non-motorized users;
3. Increase the security of the transportation system for motorized and non-motorized users;
4. Increase the accessibility and mobility of people and for freight;
5. Protect and enhance the environment, promote energy conservation, improve the quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;
6. Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
7. Promote efficient system management and operation; and
8. Improve the resiliency of the transportation system and reduce or mitigate stormwater impacts of surface transportation
9. Enhance travel and tourism
10. Emphasize the preservation of the existing transportation system.
11. Safety/transportation performance measures.
12. System connectivity.
13. Automated/connected/electric/shared use vehicles.

Joint Certification Statement on the Metropolitan
Transportation Planning Process

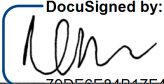

FLORIDA DEPARTMENT OF TRANSPORTATION
MPO JOINT CERTIFICATION STATEMENT

Pursuant to the requirements of 23 U.S.C. 134(k)(5) and 23 CFR 450.334(a), the Department and the MPO have performed a review of the certification status of the metropolitan transportation planning process for the Lee County MPO with respect to the requirements of:

1. 23 U.S.C. 134 and 49 U.S.C. 5303;
2. Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 C.F.R. Part 21
3. 49 U.S.C. 5332 prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
4. Section 1101(b) of the FAST Act and 49 C.F.R. Part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
5. 23 C.F.R. Part 230 regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
6. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and the regulations found in 49 C.F.R. Parts 27, 37, and 38;
7. The Older Americans Act, as amended (42 U.S.C. 6101) prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
8. Section 324 of 23 U.S.C. regarding the prohibition of discrimination on the basis of gender; and
9. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 C.F.R. Part 27 regarding discrimination against individuals with disabilities.

Included in this certification package is a summary of noteworthy achievements by the MPO, attachments associated with these achievements, and (if applicable) a list of any recommendations and/or corrective actions. The contents of this Joint Certification Package have been reviewed by the MPO and accurately reflect the results of the joint certification review meeting held on March 15, 2021.

Based on a joint review and evaluation, the Florida Department of Transportation and the Lee County MPO recommend that the Metropolitan Planning Process for the Lee County MPO be certified.

TITLE VI/ NONDISCRIMINATION ASSURANCE

Pursuant to Section 9 of US DOT Order 1050.2A, the Lee County MPO assures the Florida Department of Transportation (FDOT) that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Florida Civil Rights Act of 1992 and other nondiscrimination authorities be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The Lee County MPO further assures FDOT that it will undertake the following with respect to its programs and activities:

1. Designate a Title VI Liaison that has a responsible position within the organization and access to the Recipient's Chief Executive Officer.
2. Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
3. Insert the clauses of *Appendices A and E* of this agreement in every contract subject to the Acts and the Regulations
4. Develop a complaint process and attempt to resolve complaints of discrimination against sub-recipients. Complaints against the Recipient shall immediately be forwarded to the FDOT District Title VI Coordinator.
5. Participate in training offered on Title VI and other nondiscrimination requirements.
6. If reviewed by FDOT or USDOT, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
7. Have a process to collect racial and ethnic data on persons impacted by your agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the Recipient.

APPENDICES A and E

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- (1.) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- (2.) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3.) **Solicitations for Subcontractors, including Procurements of Materials and Equipment:** In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4.) **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5.) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:
 - a. withholding of payments to the Contractor under the contract until the Contractor complies, and/or
 - b. cancellation, termination or suspension of the contract, in whole or in part.
- (6.) **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the

Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the Contractor may request the *Florida Department of Transportation* to enter into such litigation to protect the interests of the *Florida Department of Transportation*, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

- (7.) **Compliance with Nondiscrimination Statutes and Authorities:** Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 – 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

DISADVANTAGED BUSINESS ENTERPRISE UTILIZATION

It is the policy of the Lee County MPO that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of MPO contracts in a nondiscriminatory environment. The objectives of the Disadvantaged Business Enterprise Program are to ensure non-discrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barriers to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The Lee County MPO, and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the contract work of the Lee County MPO in a non-discriminatory environment.

The Lee County MPO shall require its consultants to not discriminate on the basis of race, color, national origin, sex, age, handicap/disability, or income status in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code.

DEBARMENT and SUSPENSION CERTIFICATION

As required by the USDOT regulation on Government wide Debarment and Suspension at 49 CFR 29.510

(1) The **Lee County MPO** hereby certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;

(b) Have not, within a three-year period preceding this proposal, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction, violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses listed in paragraph (b) of this certification; and

(d) Have not, within a three-year period preceding this certification, had one or more public transactions (federal, state or local) terminated for cause or default.

(2) The **Lee County MPO** also hereby certifies that if, later, it becomes aware of any information contradicting the statements of paragraphs (a) through (d) above, it will promptly provide that information to the U.S.D.O.T.

**LOBBYING CERTIFICATION for GRANTS, LOANS
and COOPERATIVE AGREEMENTS**

In accordance with Section 1352 of Title 31, United States Code, it is the policy of the Lee County MPO that:

(1) No Federal or state appropriated funds have been paid or will be paid by or on behalf of the Lee County MPO, to any person for influencing or attempting to influence an officer or employee of any Federal or state agency, or a member of Congress or the state legislature in connection with the awarding of any Federal or state contract, the making of any Federal or state grant, the making of any Federal or state loan, extension, continuation, renewal, amendment, or modification of any Federal or state contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The Lee County MPO shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants and contracts and subcontracts under grants, subgrants, loans, and cooperative agreement), which exceeds \$100,000, and that all such subrecipients shall certify and disclose accordingly.

(4) This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.

Pa Qe #	Comment Type	Comment Description
General	FTA Region IV	If planning activities are proposed for funding under the 49 USC 5307 program or any other FTA program, please ensure they are listed and programmed in the UPWP. <i>It is included in the tasks but a note has been added as well on page 43.</i>
General	FTA Region IV	If funding is being carried over from the prior-year UPWP, carryover amounts and activities should be listed in the document. Please identify any incomplete work elements or activities financed with Federal planning assistance awarded in previous fiscal years as carryover activities. <i>The carry forward amounts have been added on page 44 and in the tables on pages 79 & 81.</i>
General	FTA Region IV	If any programmed 5305(d) funds are estimates, coordination with the State DOT may be required for UPWP modification or amendment after review of FTA apportionments. <i>Yes, and the second year is an estimate that will be revised when the apportionment comes out.</i>
General	FTA Region IV	The metropolitan transportation planning process should provide for the establishment and use of a performance-based approach, with related activities noted in the UPWP accordingly. Please note that in addition to TAM, there is an upcoming deadline for MPO PTASP target setting that will occur during the next UPWP cycle. <i>Language added to page 14 and page 43.</i>
13	Enhancement	I suggest including the adoption date for the LRTP under the "Long Range Transportation" Section. <i>The December 18, 2020 date has been added to page 13.</i>
13-14	Enhancement	If the MPO is doing so in their planning efforts, I suggest including any other dates and important deadlines, especially when seeking public input, related to the CMP (e.g. when the update occurs and it correlates with the LRTP), Freight Planning (e.g. reassessing priorities for designating urban/rural freight corridors), Bike/Ped Planning (the next plan update), and Public Transportation Planning. I also suggest including any efforts related to TPM. <i>This has been added to pages 13 and 14.</i>
14	Enhancement	I suggest including a transition paragraph under the FDOT District One Planning Activities. For example, consider how FDOT District One Planning Activities support the MPO. This will increase the readability of the document. <i>This has been addressed in the beginning of page 15.</i>

19	Critical	Please include the finalized and signed Cost Analysis Certification in the Final UPWP. Also, please be sure to reflect the correct fiscal year. <i>The year has been corrected on page 21.</i>
22-23	Critical	For bullets 11 and 12 on page 22 under Required Activities, please provide additional benefits regarding how participating in CUTS, M-Cores, MPOAC are beneficial to the transportation planning process in the End Products section on page 23. <i>This has been addressed on page 25.</i>
32	Critical	For the last two bullets on page 32, please elaborate how attendance/participation in workshops and presenting to neighborhood communities is beneficial to the transportation planning process. <i>This has been addressed on page 32.</i>
39-40	Critical	Please provide additional details how regional coordination supports the

Page 1

		transportation planning process in the objective. (e.g. informing LRTP, cross planning boundary projects, economic benefits, etc.). This will provide more support to the required activities and end products. <i>This has been addressed on page 39.</i>
57	Critical	Under Required Activities and End Products, please include a TPM related task and product. For example, the activity or activities may include monitoring/reporting performance measures as needed in the LRTP. This may also cause the MPO to adjust project priorities to meet the targets. <i>This has been addressed on page 57.</i>
59	Critical	Similar to the LRTP, please include activities and end products that reflect the MPO's efforts for TPM. Depending if the MPO adopted its own targets or adopted FOOT targets, consider the efforts an collaboration necessary to obtain the data to satisfy TPM requirements. <i>This has been addressed on page 59.</i>
General/ Appendix B	Critical	All Agreements or Certifications, including Debarment and Suspension, Contracts, Grants, and Cooperative Agreements, Title VI agreements and DBE statements should be signed and dated, and included in the final document. <i>The signed forms are included in Appendix B.</i>
General	Enhancement	For each task, including the required activities, previous work, and end products, I suggest using a different format to increase readability for members of the public. For example, the MPO could consider using a tabular form. <i>The MPO will work on drafting a different format in a future version to allow more time to make sure that it is reviewed by all of the stakeholders.</i>
General	Enhancement	For the Completion Dates, I suggest including a column at the end of each "End Product" and insert the anticipated Completion Date to increase the readability. <i>The MPO will work on drafting a different format in a future version to allow more time to make sure that it is reviewed by all of the stakeholders.</i>
General	Enhancement	For each task, I would suggest condensing each subtask into one large task as well as consolidating the budget tables to have one summarized budget table at the end of each task. <i>The MPO will work on drafting a different format in a future version to allow more time to make sure that it is reviewed by all of the stakeholders and to match up with our accounting & payroll system reporting.</i>
General	Critical	Lee MPO has a previous balance for PL funds consisting of \$713,688. However, the FY2021 and FY2022 budget table do not reflect that. Please provide the justification and/or update the budget tables accordingly. <i>Thanks, this has been added to the budget and noted as carry-forward funding.</i>
General	Enhancement	Considering the current pandemic, I suggest the MPO consider including a task/activity related to updating the COOP/bylaws for such instances.

10 - Introduction Section	Critical	<p>UPWP Introduction: Soft Match Section - Please ensure you identify the soft match ratio for PL Funds of 80:20 and check to ensure all the match amounts in the Introduction and the Summary Budget Tables are identified correctly using this ratio. The SU fund match should also be discussed in the Introduction soft match section and the amount identified. SU funds still use the sliding scale for the match and need to be calculated using the ratio of 81.93:18.07. A column for the SU soft match amount also needs to be included in the Summary Budget Tables as well as the PL fund Soft Match Column.</p> <p><i>This has been revised back to the 81.93/18.07 guidance that we received after this came out.</i></p>
General	Critical	<p>For each task/sub-task, please include the Responsible Agency/Agencies for the Required Activities and End Products.</p> <p><i>These tasks have been revised to add it after the End Products of each task.</i></p>
49-51	Critical	<p>For Task 2.1, the required activities reference monitoring and reporting performance measures. However, I did not see any required activities indicating any coordination with Cape Coral PD with regards to the LiDAR and performance measure data. Please include activities/products for performance measure reporting/coordination efforts/MOU with Cape Coral PD.</p> <p><i>This has been added to page 50.</i></p>
