#### **Agenda Item #4 - Follow up on the Question about the MPO Officer Rotation Schedule**

Mr. Scott presented this agenda item to provide the background on the MPO Officer rotation schedule that was brought up at the last meeting. He said at the last meeting, Vice Mayor O'Flinn, who has since resigned, asked about the agency rotation for determining which local agency would be next for providing a member for a Board vote on Chair and Vice Chair. He noted the MPO apportionment of the member organizations that was undertaken to add the Village of Estero was approved by the MPO Board in March of 2015 (following the review and approval of the updated apportionment plan by FDOT). He continued following that vote, each of the jurisdictions had to approve new interlocal agreements along with FDOT and that was not officially completed until March of 2016 when it was recorded. He said at that time the Village of Estero member was officially added to the MPO Board as a voting member and the member had been attending the meeting for several months as a non-voting member. He noted for the December 2016 MPO Board meeting, the election of officer's agenda item included the addition of the Village of Estero in the agency rotation at the end of the rotation. He added there was a discussion about adding them at a different location on the list but the MPO Board member from Estero agreed with the addition at the bottom of the list. Mr. Scott referred to the rotation from the agenda items from December of 2012 through last year that were included in the agenda packet. He said the next MPO Board meeting will include an agenda item for electing the Chair and Vice Chair for 2020 and the City of Bonita is next for Chair and Village of Estero is next for Vice-Chair. He added as always, the MPO Board has discretion to deviate from the order but for the most part they have been following the order for a long time (for instance, the order changed when the Town of Fort Myers Beach asked to have the City of Cape Coral move up so they could have a year at Vice Chair before serving as the Chair). The committee briefly discussed the City of Bonita's appointment and the process to be followed if the appointed officers are not in attendance at the MPO Board meeting.

He reviewed the criteria and scoring, including the comments made by the Technical Advisory Committee and the Citizen Advisory Committee. He continued staff is looking for input on criteria that we might need to consider adding or the weighting/scoring that we should adjust. The committee discussed changing the weight and scoring, vehicle and population projections, striping of roadways, automated and connected vehicles, funding, and transit. Commissioner Hamman summarized that the committee felt more weight should be given to numbers one, four, and seven. He added that less weight could be given to number two and eight if it was necessary to take from somewhere so the total is still 100.
